Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

NOTES TO THE UNAUDITED CONDENSED COMBINED FINANCIAL STATEMENTS

1. General information

The Company is an exempted company with limited liability incorporated in the Cayman Islands on 22 May 2017. The registered office of the Company is situated at PO Box 1350, Clifton House, 75 Fort Street, Grand Cayman KY1-1108, Cayman Islands. The principal place of business in Hong Kong under Part 16 of the Companies Ordinance (Cap. 622 of the Laws of Hong Kong) is at 9/F, Wah Yuen Building, 149 Queen's Road Central, Central, Hong Kong.

The Company's shares were listed on GEM of the Stock Exchange on 9 May 2018.

The Company is an investment holding company. The Company's subsidiaries are principally engaged in the business of:

- (1) dining operations in Singapore; and
- (2) artisanal bakery chains in Malaysia.

2. Basis of preparation

Our Company was incorporated in the Cayman Islands as an exempted company with limited liability on 22 May 2017 and became the ultimate holding company of our Group on 11 August 2017 subsequent to our Reorganisation in preparation for the Listing. For further information about the Reorganisation, please see the section headed "History, Reorganisation and Corporate Structure — Reorganisation" in the Prospectus. The companies now comprising our Group were under the common control of our Controlling Shareholder, Ms. Low Yeun Ching @Kelly Tan ("**Ms. Low**"), before and after the Reorganisation. Accordingly, the financial information has been prepared on a consolidated basis by applying the principles of merger accounting as if the Reorganisation had been completed at the beginning of the relevant periods.

The consolidated statements of profit or loss and other comprehensive income and the statements of changes in equity of our Group for the relevant periods include the results of all companies now comprising our Group from the earliest date presented or since the date when the subsidiaries first came under the common control of our Controlling Shareholder.

All intra-group transactions and balances have been eliminated on combination.

The unaudited condensed combined financial statements have been prepared in accordance with the International Financial Reporting Standards ("**IFRSs**") (which comprise all standards and interpretations) approved by the International Accounting Standards Board (the "**IASB**").

The unaudited condensed combined financial statements have been prepared under the historical cost convention, except for available-for-sale investment, which has been measured at fair value. The unaudited condensed combined financial statements are presented in Singapore dollar (“S\$”) and all values in the tables are rounded to the nearest thousand (“S\$’000”), except where otherwise indicated.

The basis of preparation and accounting policies adopted in the preparation of the unaudited condensed combined financial statements are consistent with those adopted in the preparation of the accountants’ report included in the Prospectus.

The Group has not adopted the new and revised IFRSs, which have been issued but are not yet effective.

Basis of consolidation

The unaudited condensed consolidated financial statements include the financial statements of the Company and its subsidiaries now comprising the Group for the nine months ended 30 September 2018. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangement with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group’s voting rights and potential voting rights.

The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Profit or loss and each component of other comprehensive income are attributed to the owners of the parent of the Group. All intra-group income and expenses relating to transactions between members of the Group are eliminated in full on consolidation.

3. Revenue, and other income and gains

Revenue represents the amounts received and receivable from the Group's operation and management of restaurants and bakery retail outlets, net of discounts. An analysis of the Group's revenue, other income and gains is as follows:

	Three months ended 30 September		Nine months ended 30 September	
	2018 S\$'000 (Unaudited)	2017 S\$'000 (Unaudited)	2018 S\$'000 (Unaudited)	2017 S\$'000 (Unaudited)

5. Dividends

The Board did not recommend the payment of any interim dividend for the nine months ended 30 September 2018 (nine months ended 30 September 2017: Nil).

6. Earnings/(loss) per share attributable to ordinary equity holders of the parent

The calculation of basic earnings/(loss) per share is based on the following data:

	Three months ended 30 September		Nine months ended 30 September	
	2018 S\$'000 (Unaudited)	2017 S\$'000 (Unaudited)	2018 S\$'000 (Unaudited)	2017 S\$'000 (Unaudited)
Loss for the period	(481)	(503)	(1,927)	(2,418)
Weighted average number of ordinary Shares ('000)	500,000	387,500	500,000	387,500

Basic loss per share for the nine months ended 30 September 2018 is S\$(0.39) cents (nine months ended 30 September 2017: S\$(0.62) cents).

The weighted average number of ordinary Shares for calculating the basic earnings/(loss) per share is based on the assumption that the Reorganisation, as more fully explained in the section headed "History, Reorganisation and Corporate Structure" in the Prospectus, had been effective at the beginning of the respective periods.

No diluted earnings per share is calculated for the respective period in 2017 as there was no potential dilutive ordinary share in issue.

7. Events after the reporting period

There were no important events affecting the Group that have occurred after the end of the reporting period and up to the date of this report.

MANAGEMENT DISCUSSION AND ANALYSIS

Business Review

We are a food and beverage group which owns and operates award-winning restaurants in Singapore under different brands and owns one of the largest artisanal bakery chains in Malaysia in terms of revenue and the number of bakery retail outlets in Malaysia. We operate our dining operations in Singapore under two self-owned brands and one franchised brand. Our “Central Hong Kong Café” brand is primarily focused on offering a casual and authentic Cha Chaan Teng experience in a full service environment while our “Black Society” brand offers Chinese cuisines with a contemporary twist in a full service environment. The franchised “Greyhound Café” brand provides stylish and trendy ambience which serves a specialised Thai menu with creative twists. Our artisanal bakery chain in Malaysia offers a wide selection of artisan breads, pastries and cakes under our “Bread Story” brand.

We believe that our Group is competitively positioned based on our operating history of more than ten years, our strong brand recognition and reputation, diversified customer base, innovative product offerings, unique dining experience and experienced management. In addition, the locations of our restaurants in Singapore and our bakery retail outlets in Malaysia are vital to our Group’s strategy of targeting areas which are high in customer traffic and easily accessible by our target customers that will help in promoting our brands image and awareness.

Outlook

The Company’s shares were successfully listed on GEM of the Stock Exchange on 9 May 2018 (the “**Listing Date**”) by way of share offer of a total of 125,000,000 Shares, at the offer price of HK\$0.50 per Share (the “**Share Offer**”). The amount of net proceeds from the Share Offer received by the Company was approximately HK\$23.7 million.

The Directors believe that the listing of the Company on GEM of the Stock Exchange (the “**Listing**”) would facilitate the implementation of our business plans to capture more market share in the industry. The Listing would (i) strengthen our Group’s corporate profile; (ii) provide a fund-raising platform for our Group; and (iii) diversify our shareholder base.

Moving forward, with the additional capital raised from the Share Offer, the Group will pursue the following business strategies to expand our market share in Singapore and Malaysia, and enhance our brand recognition, service and product quality: (i) continue to expand our dining operations in Singapore; (ii) continue to expand our artisanal bakery chain in Malaysia; (iii) continual enhancement and upgrade to our existing dining operations in Singapore and artisanal bakery chain in Malaysia; and (iv) continue to strengthen our staff training.

The food and beverage industry in Singapore and Malaysia continues its prolonged fatigue phase amidst an over supply of shopping retail spaces, coupled with stiff competition from new players in this low barrier entry eateries sector. Conscious of these challenges made worse with the unrelenting labour woes in both countries especially Singapore, the Group is adopting a more cautious approach towards expansion. Location of premises and rental are prime consideration before any commitment in new tenancies and leases.

Having said that, the Group remains committed and steadfast in growing its business and is prepared for fast adoption of new trending food and beverage concepts to stay relevant and meet the ever changing consumer market affluence. In August 2018, we have added to the BreadStory stable a new confectionery concept branded Lady Croissant, a croissant specialty store offering multiple flavour croissant. We will continue to strengthen our marketing team with the objective of exploring new marketing strategies and creative ideas to enlarge our customer base. Our team is also paying great attention to the online social media platforms with the aim to maximize sales through more loyalty programs, sales mechanics as well as vying for more market share via the trending online food delivery services.

Bearing in mind the above challenges and cautioning ourselves towards being more savory in our expansion approach. The management team will continue our commitment to build a strong and solid brand loyalty for the next level of growth for the Group to further anchor its sustainability in the long term. We may expect short term earnings volatility due to expansion capital expenditures and the Group is also mindful of the potential impact of key currencies exchange fluctuations which may affect our financial performance.

Financial review

Revenue

Our revenue remains stable at S\$14.31 million for the nine months ended 30 September 2018 as compared to S\$14.30 million for the nine months ended 30 September 2017. The slight increase in our revenue was primarily attributable to the expansion of our dining operations in Singapore through the opening of Central (NP) in January 2018 which was partially offset against the decrease in revenue generated from Greyhound (PG).

Cost of inventories sold and consumed

Our cost of inventories sold and consumed increased by approximately S\$0.22 million or 6.8% from approximately S\$3.36 million for the nine months ended 30 September 2017 to approximately S\$3.58 million for the nine months ended 30 September 2018. The increase in our cost of inventories sold and consumed was primarily due to the increase in raw ingredients cost.

Employee benefits expense

Our employee benefits expense increased by approximately S\$0.29 million or 6.7% from approximately S\$4.42 million for the nine months ended 30 September 2017 to approximately S\$4.71 million for the nine months ended 30 September 2018. The increase in our employee benefits expense was primarily due to the one-off bonus payouts during the nine months ended 30 September 2018 as compared with none for the nine months ended 30 September 2017.

Rentals and related expense

Our rental and related expense increased by approximately S\$0.37 million or 11.7% from S\$3.12 million for the nine months ended 30 September 2017 to approximately S\$3.49 million for the nine months ended 30 September 2018. The increase in our rentals and related expense was primarily due to the additional lease of premises for the opening of Central (NP) in Singapore in January 2018.

Other expenses

Other expenses primarily consist of legal and professional fees, cleaning fee, repair and maintenance expenses for our restaurants and bakery outlets, kitchen and bar utensils expenses, bank charges relating to credit card settlement, office expenses and other miscellaneous expenses.

Legal and professional fees related to the Listing are set out below:

	Three months ended 30 September		Nine months ended 30 September	
	2018 S\$'000 (Unaudited)	2017 S\$'000 (Unaudited)	2018 S\$'000 (Unaudited)	2017 S\$'000 (Unaudited)
Listing expenses	51	757	1,517	3,014
Total	51	757	1,517	3,014

Loss for the period

Our Group recorded a loss of approximately S\$1.93 million and S\$2.42 million for the nine months ended 30 September 2018 and 2017 respectively. This was mainly due to expenses related to the Listing of approximately S\$1.52 million and S\$3.01 million recorded during the nine months ended 30 September 2018 and 2017, respectively. If we exclude the non-recurring listing expenses, our Group would have recorded a loss of approximately S\$0.41 million and a profit of S\$0.60 million for the nine months ended 30 September 2018 and 2017, respectively. The loss for the nine months ended 30 September 2018 was mainly attributable to the (i) increase in ingredients cost; (ii) increase in staff costs; (iii) increase in rental and related expenses as a result of the opening of a new restaurant, namely Central (NP) in January 2018; and (iv) decrease in revenue generated from Greyhound (PG) for the nine months ended 30 September 2018.

USE OF PROCEEDS FROM THE SHARE OFFER

The amount of the net proceeds from the Share Offer received by the Company, after deducting the expenses related to the Share Offer payable by the Company, is approximately HK\$23.7 million. The Company intends to apply such net proceeds for the following purposes:

	Total HK\$' million	Approximate % of net proceeds
Continue to expand our dining operations in Singapore	18.1	76.4
Setting up new head office and enhance our workforce	3.2	13.5
Further enhance our brand recognition in Singapore and Malaysia	0.2	0.8
Upgrade our information technology systems	0.2	0.8
General working capital	2.0	8.5
Total	23.7	100

Up to 30 September 2018, the Group has applied the net proceeds of HK\$0.2 million on enhancing the Group's brand recognition and used HK\$0.3 million in general working capital, respectively.

For further details of the Group's intended use of the net proceeds from the Share Offer, please refer to the section headed "Future Plans and Use of Proceeds" in the Prospectus. As at the date of this report, the unutilized net proceeds have been temporarily placed as short term deposits with licensed institutions in Hong Kong and Singapore.

The Directors regularly evaluate the Group's business objective and may change or modify plans against the changing market conditions to ascertain the business growth of the Group. Accordingly, we will make further announcement as and when necessary if there is any such change or modification of plans.

Pursuant to code provision A.2 of the Corporate Governance Code contained in Appendix 15 to the GEM Listing Rules (the "**CG Code**"), the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. However, we do not have a separate chairlady and chief executive officer and Ms. Low currently performs these two roles. Our Board considers that the balance of power and authority for the present arrangement will not be impaired and this structure will enable our Company to make and implement decisions promptly and effectively. Our Board will continue to review and consider splitting the roles of chairlady of our Board and chief executive officer of our Company at a time when it is appropriate and suitable by taking into account the circumstances of our Group as a whole.

Save as disclosed above, the Directors consider that during the nine months ended 30 September 2018 and up to the date of this report, the Company has applied the principles and complied with all the applicable code provisions set out in the CG Code.
